Hello future Ensign student. Due to overwhelming demand and limited classroom space, not all students who requested Robotics as their first-choice elective will be able to be a part of our first year. In order to make some tough choices, we would like some more information about you. Please write a paragraph describing why you would like to be part for the first Robotics class at Ensign. Be sure to return this paper with your response to the front office at your elementary school by Monday, May 9, 2016 at 4:00 PM (or whenever your office closes). Due to scheduling requirements, late papers will not be able to be accepted. Thank you.

If you have any questions, please email Mr. Metcalf at tmetcalf@nmusd.us.
